

## Welcome to Berlin – Situated in the heart of Europe

Berlin has a population of 3.52 million. Germany's capital city serves as a gateway between the EU and Central or Eastern Europe markets. As the seat of Germany's federal government, Berlin has 153 foreign embassies, more than 170 museums and art galleries with a truly impressive array of cultural events.

The GSTT looks forward to welcoming exhibitors, delegates and visitors from around the world to this important event.

## Symposium and Exhibition

## NO DIG BERLIN 2017

The 3<sup>rd</sup> **NO DIG BERLIN**, symposium and exhibition on trenchless technology will be held in Berlin on **28–31 March 2017** in conjunction with **WASSER BERLIN INTERNATIONAL**.

2015 was a huge success. A high number of decision makers, political representatives and an outstanding program of supporting events – that is how to best summarise **NO DIG BERLIN/WASSER BERLIN INTERNATIONAL 2015**, the only platform in Germany that reflects the entire economic cycle of the water industry. Over a period of four days the international water industry was gathered in Berlin.

22,686 trade visitors from 104 countries found out about the latest products, services and technical solutions displayed by 557 exhibitors representing 26 countries. More than 10 delegations from European and non-European countries, including Jordan, Korea and Singapore, attended the event. The delegation from Central America alone, which represented El Salvador, Costa Rica, Guatemala, Honduras, Mexico and Nicaragua, was able to conclude business in excess of 10 million Euros.

No Dig construction is a pioneering technology that combines economic efficiency and environmental protection into a modern approach for installing underground supply lines.

Take the opportunity to meet specialists from all over the world to discuss theory and practice with industry experts. Don't miss the world-leading event for pipeline construction!

### Symposium

A two-day symposium in conjunction with International Pipeline Symposium (ILBS) will accompany **NO DIG BERLIN 2017** exhibition. This event provides unique opportunities for specialists to exchange information and share their experiences with trenchless technology.

### Exhibition

WASSER BERLIN INTERNATIONAL has sharpened its profile as a world-leading exhibition for pipeline construction. Trenchless technology will be highlighted again as part of **NO DIG BERLIN** and supplemented by the traditional Construction Site Day hosted by Berlin Waterworks.

Present your products, take part in the international meeting of water and water industry and register with us!

Take advantage of the **15% discount** for registrations received by **15<sup>th</sup> January 2016**.

Reserve space outside the exhibition halls and present your company's products and services outdoors for EUR 85.00/ sqm or a low EUR 35.00 (in addition to hall space) per square meter.

Conference Hall 1.2, Room Stuttgart  
Entrance South (Jafféstraße)
